DETAILED ACTION

Restriction

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted:

Group I, claims 1-2, 4, 6, 9, 11, and 29-35, drawn to a permanent antimicrobial melamine resin comprising melamine and an isothiazolone based compound.

Group II, claims 12-28, drawn to a laminate article comprising an overlay sheet impregnated with a melamine resin including a dispersion, an isothiazolone based compound, a decorative paper sheet impregnated with a melamine formaldehyde, and a substrate.

The species listed above do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, the species lack the same or corresponding special technical features for the following reasons:

The common technical feature of the above groups is a melamine resin comprising melamine and an isothiazolone based compound. This element cannot be a special technical feature under PCT Rule 13.2 because it is not novel. US 6475631 discloses a melamine resin comprising melamine and isothiazolone (a isothiazolone based compound) (see abstract; col 6, line 55 to col 7, line 7; col 8, lines 49-59).

Since Applicant's inventions do not contribute a special technical feature when viewed over the prior art they do not have a single general inventive concept and so lack unity of invention.

Inventorship Notice

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
